

1075

HARDBACK™ CASE

Protect your Netbook or tablet from drops, knocks, scratches and mishaps with the new Peli 1075 HardBack™ Case.

Designed as waterproof/crush-resistant armour for tablet style computers and Netbooks, the 1075 offers robust protection, even in extreme conditions.

Features include

- Easy-snap polymer latch which remains shut under pressure or after impact.
- Integral automatic purge valve to keep water and dust out while balancing air pressure.
- Tongue-and-groove lid construction and polymer o-ring creates a watertight seal.
- Lightweight, the 1075 and CC version weigh in at just 0.7kg with foam.
- Interior Dimensions: (L x W x D) 282 x 201 x 41 mm.

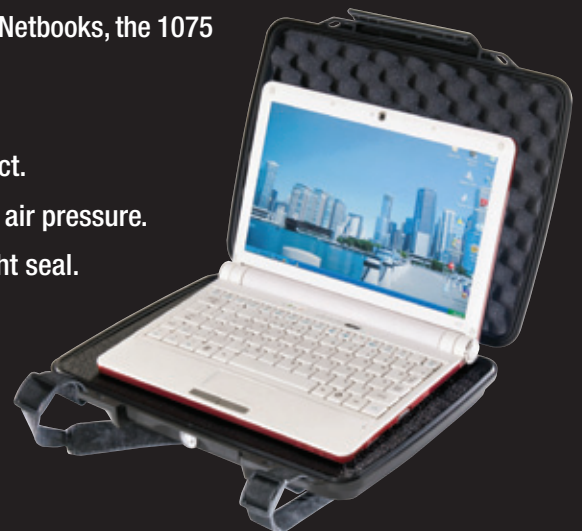

There are two versions now available:

1075 with Pick 'n' Pluck foam.

1075CC with a shock absorbing liner for Netbook protection.

Both versions are supplied with a sturdy, removable nylon shoulder strap.

The 1075 is one of a range of protective cases from Peli. For more details go to: www.peliproducts.co.uk
