

Shine a light - or two!

1910 & 1920

The 1910 and 1920 models both use efficient LEDs for a powerful clean, white beam and are powered by AAA batteries.

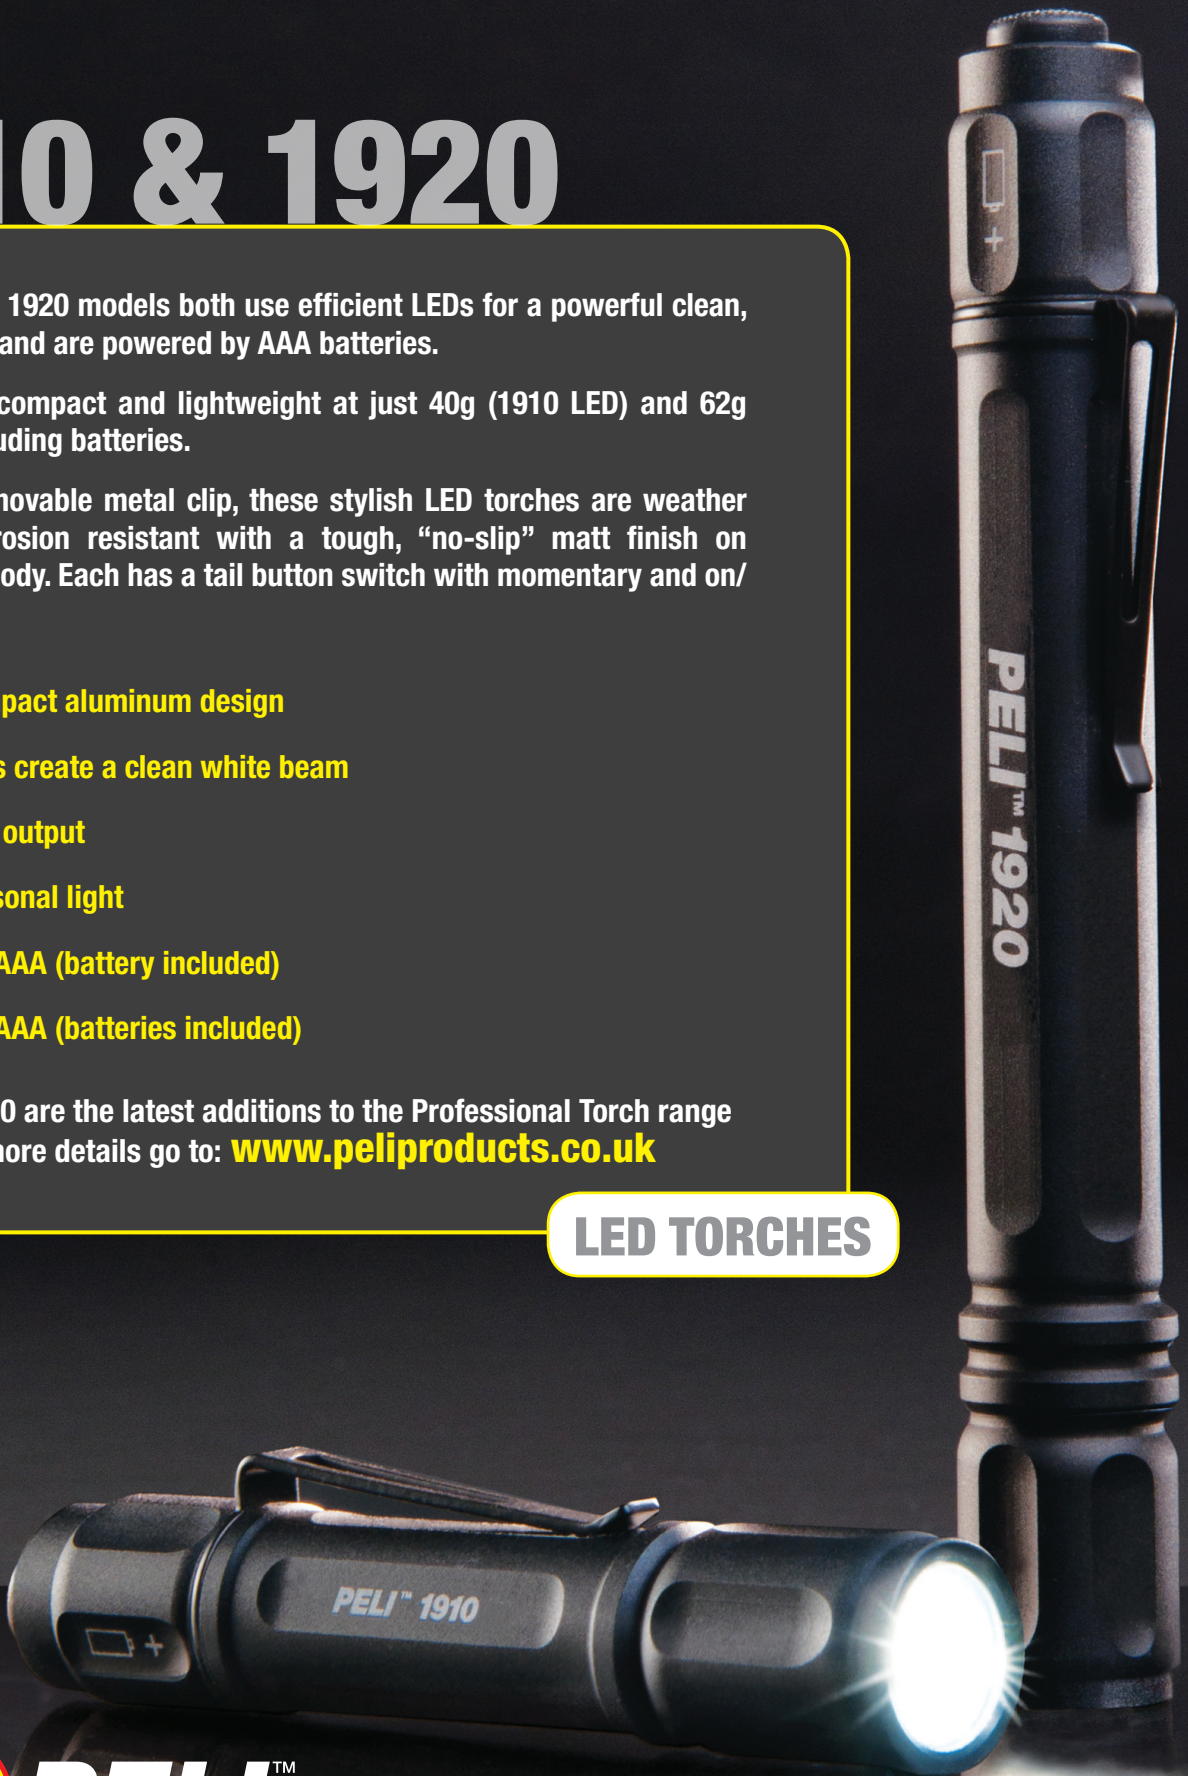

Both are ultra compact and lightweight at just 40g (1910 LED) and 62g (1920 LED) including batteries.

Featuring a removable metal clip, these stylish LED torches are weather proof and corrosion resistant with a tough, "no-slip" matt finish on the aluminum body. Each has a tail button switch with momentary and on/off function.

- Ultra compact aluminum design
- LED lights create a clean white beam
- Hi-lumen output
- Ideal personal light
- 1910 1 x AAA (battery included)
- 1920 2 x AAA (batteries included)

The 1910 & 1920 are the latest additions to the Professional Torch range from Peli. For more details go to: www.peliproducts.co.uk
