

# PELI™ CUSTOM FOAM SOLUTIONS FOR WEAPONS PROTECTION

**Peli Protector Cases offer watertight, crushproof, dustproof protection for weapons and scopes.**

Peli Products (UK) Ltd offer engineered foam solutions for all types of equipment. The inserts can be configured specifically for any weapons and additional peripheral items for maximum protection. With many years of experience of designing and producing custom inserts, we have the capability for rapid order turnaround.

The Peli Storm range of protective cases is also now available, increasing the Peli case range to over 60 models.

**Peli 1720** With an engineered foam solution designed specifically to protect the GPMG, thus reducing the risk of transport damage.

Cases are o-ring sealed against sand, dust & moisture ingress – reducing the chance of rust and corrosion.

NSN: 8145-99-151-3691

**Peli 1720** with a Benelli M4 semi-automatic shotgun.

**Peli 1750** with insert for H&K 417. Peli Products (UK) designed, received Defstan 81-41 certification and gained MOD approval within 30 days for this project.

**Peli 1640** with UGM Weapon mount.

**Peli 1780** An ideal weapons storage vault. Along with the standard features (watertight, crushproof & dustproof) this model has a split 50/50 lid and base design enabling up to eight SA80s to be secured. The 1780 will hold all three SA80 variants – standard SA80, carbine and LSW.

**Peli 1430** cases are used to transport and store the Royal Navy's Divers Signal flares. The 1430 case features a unique "top loading" design with a flip lid giving easy access to the contents.

However, the Peli case was not approved for transporting explosives and so has been subjected to extremely rigorous testing by the MOD proving team. This included two drop tests at 12m and 25m and also a fire test. The case passed all tests with flying colours and is now the first plastic case approved to carry explosives.

NSN: 1370-99-148-1506

**Peli 1300** case with H&K USP self-loading pistol

**Peli 1450** case with STTE kit for GMG.  
NSN: 8145-12-362-3917

**Peli 1520** case with H&K MP7

**Peli Storm** cases are now available and custom inserts can also be designed for this range of 23 case models.
